# Common Functions

## **Group Call**

Just like a regular two way radio, when you speak in a group, all other people in this group will receive you call.

## **Single Call**

When you enter the single call mode, you can choose the users of the current group online and let them enter the single channel mode with you. When one of you quits the single call mode, the two parties will exit the single call mode at the same time and return to the original group.

## **Adjust Volume**

Use the up and down arrow keys to adjust the volume level.

# Common Functions Continued

## **Power On**

In the off state, push the on/off button and it will start up. After successful start up, the green light is always on and flashes.

## **Member Selection**

Directly enter the member list, select the corresponding member, and press the PTT.

## **Using an Earpiece**

Please only use earpieces designed for the PG124 radio. Press the PTT button on the headset to initiate a call. Release the PTT button to release the call.

# LED Indicators

## **Low Battery**

Red light flashes slowly

## **Transmitting**

Red light is solid

## **Receiving**

Green light is solid

## **Standby**

Green light is flashing

# Programming

Please contact us at [info@freedomlinkplus.com](mailto:info@freedomlinkplus.com) for any programming changes you require. Programming changes can be made over the air.

Examples of programming changes:

- Names (Between 2-14 Characters)
- Groups
